Re: Denial of File Closure, RMS 1/Mountain Spring Peak, Terra Resources LLC, S/021/024, Iron County, Utah

Dear Mr. Sagers:

On April 1, 2002, we received your request to close the file for the RMS 1/Mountain Spring Peak located in Sections 1 & 12, T32S, R16W, Iron County, Utah. This project is located on federal land managed by the Bureau of Land Management (BLM). We have been in contact with the Cedar City BLM field office and were informed that they have not closed out their file for this project. The BLM has informed us that the disturbance still exists at the site. Therefore, the Division cannot close our file for this project until authorized to do so by the BLM.

If you feel this project has been sufficiently reclaimed so that the project can be released, please contact the Cedar City BLM office. When we receive notification that the BLM has determined the site is sufficiently reclaimed and the file can be closed, we can then release you from any further reclamation obligations. The Division's annual permit fees will remain due and payable until the file is closed. A billing statement is enclosed for your use, which is due within 30 days. *As a side note, we have not received the 2002 permit fees for your two sites in Box Elder County. The Division is preparing paperwork to send all unpaid fees to the Utah Office of Debt Collections.*

If you have any questions or concerns regarding this letter, please contact me at (801) 538-5382. Please reference our file number E/021/024 regarding this project.

Sincerely,

Doug Jensen  
Reclamation Engineer
